

# Partners in Education

Liholiho Elementary is excited to announce and present:

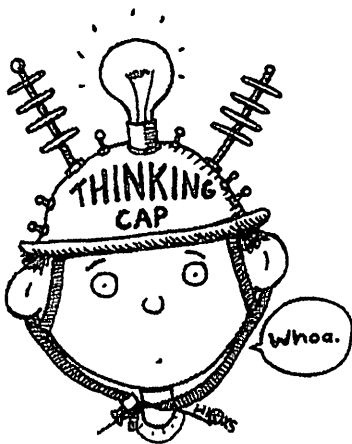

## PARENT and CHILD Math Workshops

5:30 pm - 6:30 pm in Liholiho's Cafeteria

Wednesday, September 13, 2017 (Grade 2)

Thursday, September 14, 2017 (Grade 1)

Wednesday, September 20, 2017 (Kindergarten)

We've all been there (or will be soon) - *your child comes home with math homework, and you can't figure out what needs to be done or even how to do it.* Let's face it...math in the 21st century has changed. Students today rely on math reasoning and multiple approaches to problem solving, rather than rote memorization and a single algorithm.

In this year's math parent workshops, come with your child and...

- Engage in problem solving activities that demonstrate how math is being taught at Liholiho.
- Be a part of the discussion and questioning to promote students' critical thinking.
- Learn ways to support your child at home.

-----Please Cut and Return Response by Friday, September 1, 2017-----

Parent Name(s) \_\_\_\_\_

Contact Number \_\_\_\_\_ and/or Email \_\_\_\_\_

Child's Name \_\_\_\_\_ Grade \_\_\_\_\_

Child's Name \_\_\_\_\_ Grade \_\_\_\_\_

Circle the workshop you and your child will attend. For each workshop selected, please write the number of adults and children participating.

Wed., Sept. 13, 2017 (Gr. 2)		Thurs., Sept. 14, 2017 (Gr. 1)		Wed., Sept. 20, 2017 (Gr. K)	
Adults:	Children:	Adults:	Children:	Adults:	Children:

This is an opportunity for families to learn and engage in how math is taught at a specific grade level. As you and your child/children will be actively involved in doing math during this workshop, it is highly recommended that younger/older siblings not attend. Please plan accordingly.
