ROBOTICS

We are now offering Junior Robotics classes! Our innovative S.T.E.M. classes will have all the fun of building with LEGO® Bricks, plus the challenge of coding & programming! We will use our proprietary Bricks 4 Kidz® kits and the LEGO WeDO® 2.0 software to teach your child how to build and program their different model creations. They will learn how to control its actions, sounds and responses! Help your child succeed in today's technology-based marketplace. **Sign up early!**
